The program is designed to keep children & teens engaged in reading during the break and prevent the "summer slide." In 2023, 6,414 people registered & donations provided game boards & materials to get them excited for summer reading. It goes beyond just reading. It's also full of fun, engaging, educational & recreational events that celebrate reading, art, music, nature, diversity, equity, inclusion & belonging. These programs are the highlight of summer vacation for kids & adults.
