### **Seeds For Success**

#### Our Mission

Working together as a community to provide children from low income communities with the skills and support to achieve success in school and life.

#### Our Vision

Every child in Annapolis has the opportunity to build a bright future.

#### Our Story

Seeds 4 Success grew out of neighbors' concerns about escalating crime in nearby public housing communities and the well-being of children living there. With a \$500 check from the local civic association, seven women started a girls club. Right from the start, girls asked for homework help. The women soon came to understand the many challenges facing children growing up in poverty.
