Established in 2017, The Live Water Foundation, a 501(c)(3) non-profit organization located in Annapolis, MD, was formed to expand on the signature community give-back programs of the team at [Capital SUP](#). The Live Water Foundation currently supports three initiatives within the Veteran community, underprivileged and disabled youth, and promoting clean waterways. Our programs include the #LiveLikeCody Wai Koa Program, an adaptive paddling program for physically and mentally disabled Veterans; the Junior Wai Koa Program, which inspires underprivileged and disabled youth to become future leaders through a watersports mentorship program; and numerous clean water initiative programs. In addition to programmatic support, the Live Water team aspires to create "Positive Vibes" within the Veteran community, inspire underprivileged and disabled youth to become future leaders, to be champions in the enhancement of the waterways in which we paddle, and to inspire a lifestyle of health and wellness through watersports activities.
